## Classroom Values - Participation Program

Ages: 10 to 14 years

2014 - 2015

Culture of Value Program for the World Children's Summit on Peace and Nature sponsored by

**WORLD CHILDREN'S SUMMIT**  
**on Peace and Nature**

**May 19 to 22, 2015, Victoria, B.C., Canada**

**The World Children's Summit on Peace and Nature will be over four days in May, 2015 in Victoria, B.C. Each day of the Summit a Universal Value will be introduced and weaved into the daily activities. These four values will be: Respect, Friendship, Courage and Gratitude. As an introduction to value awareness we have designed a 10 month program of activities with a focus on values. These 10 values reflect friendship and help to create a deepened willingness to contribute through connection to the meaningful qualities of the values.**

**More on this Program of Activities:**

We are inviting children in the age range of 10 to 14 and their classrooms to participate in these monthly exercises. If inspired, finished work can be submitted as entries to the World Children's Summit. Each month a selection of the entries will be shown on the World Children's Summit for Peace and Nature website. Selected entries will be displayed at the Children's Nature Summit on Peace and Nature in Victoria, May, 2015. We are excited to have this Peace and Nature program available internationally for all the children of the world to kick off the school year and to prepare for this amazing event in May. Children and their classrooms that are not in attendance will be able to live stream this event and participate in their own way.

**June, 2015**

**Program of Monthly Activities**

**Value of:**

Remember a time that you needed to be patient and could not be. Write out what was happening for you. Once you have connected to the story identify the feeling/s you had. Make sure you are using a feeling word. How did it feel? Now consider a time when you were able to be patient. How did it feel? Is it easier to be patient or not? Share your answers with us.
